M6	0	0%	1	8.3%	3	25.0%	6	50.0%	2	16.7%	3.8	4.0

Qualitative Comments by Students

-

Some of the module material can be better arranged and sometimes slide explanations can be simplified

-

I wish lecturer can talk more about the history of computing and give more application example. <https://web.stanford.edu/class/cs101/> this is a example that i expected more from lecturer. but overall i learn a lot, thank you mr. henry.

-

I hope the lectures should be more lively and not prerecorded.

TES Question Statements

T 1	My lecturer related the subject to real world examples.
T 2	My lecturer provided a variety of activities to help me learn.
T 3	My lecturer encourages us to participate in discussions in order for us to discuss ideas and concepts in the subject matter.
T 4	Sufficient opportunities were provided to check my understanding of the module.
T 5	I clearly understood the relationships between module learning outcomes with the learning activities and assessments.
T 6	I was able to monitor my learning progress through assessments.
T 7	My lecturer used a friendly tone to explain the marks that I received on assessed tasks
T 8	Feedback I received on the assessment has been useful for me to self-monitor and evaluate my own performance
T 9	My lecturer used e-Learning tools effectively to help me understand the lessons well in an online environment
T 10	My lecturer was able to conduct classes effectively to facilitate our learning.
T 11	My lecturer was willing to spend time attending to my concerns and to help me with my learning needs.
T 12	My lecturer encouraged me to share my learning needs with him/her via email/forum/whats app/TIMEs/face-to-face, or other platforms/tools.
T 13	My lecturer used research findings/updated industry knowledge to enhance his/her lessons.
T 14	My lecturer used research to make the subject interesting and up-to-date.

Module Questions Statements

M 1	Module materials were prepared and organized effectively.
M 2	This module has clearly stated objectives.
M 3	I have achieved the learning outcomes of the module.
M 4	The assessments were set according to the module learning outcomes.
M 5	I understood the module assessment criteria.
M 6	This module has helped me improve my communication skills
