Qualitative Comments by Students

Ok honestly, initially this module made me want to quit the computer science course and made me overall want to quit doing what im passionate about. but

Lecturer was very active in responding to my problems and provided help, which helped me a lot in completing my assignment

.

You

A great lecturer who teaches the subject very effectively, is easily approachable and friendly, which allows me to be more comfortable when asking questions. prepared plenty of study materials that made the learning process more enjoyable.

A great lecturer who teaches the subject very effectively, is easily approachable and friendly, which allows me to be more comfortable when asking questions. prepared plenty of study materials that made the learning process more enjoyable.

-

Very nice lecturer. always there when i need help with my codings

Henr

Detailed explanation, willing to explain and clear our doubts, appreciate the effort to create additional videos for us. the only downside would be stuttering

Very good

Henry is a very good lecturer and tutor. he really put alot of effort on teaching us and assist us.

Kind and helpful lecturer

Mr henry is a great and u

Henry has been outstanding throughout the module. lectures and tutorials have been great with him.

Mr.henry ,you did well. i am glad that you teach us and dont negative energy drain you. ke

Lectures is hard to understand as he speaks without full stop, and practical classes is hard to be done as example of solution for a question is not in the slide, other than that

Coo

Sometimes mr henry speaks a little bit too fast

Mr

Great lecturer. learnt a lot from mr henrys class because he teaches in a way that makes it easier to understand and gave plenty of examples.

TES Question Statements

T 1	My lecturer related the subject to real world examples.
T 2	My lecturer provided a variety of activities to help me learn in an online environment.
T 3	My lecturer encourages us to participate in online discussions in order for us to discuss ideas and concepts in the subject matter.
T 4	My lecturer was able to conduct virtual classes effectively to facilitate our learning.
T 5	My lecturer was willing to spend time attending to my concerns and to help me with my learning needs via virtual consultation(s).
T 6	My lecturer encouraged me to share my learning needs with him/her via email/forum/whats app/TIMeS, or other platforms/tools.
T 7	My lecturer used research findings/updated industry knowledge to enhance his/her lessons.
T 8	My lecturer used research to make the module interesting and up-to-date.
T 9	Sufficient opportunities were provided to check my understanding of the module.
T 10	I clearly understood the relationships between module learning outcomes with the online learning activities and online assessments.
T 11	I was able to monitor my learning progress through online assessments.
T 12	My lecturer used a friendly tone to explain the marks that I received on assessed tasks.
T 13	Feedback I received on the assessment has been useful for me to self-monitor and evaluate my own performance.
T 14	My lecturer used e-Learning tools effectively to help me understand the lessons well in an online environment.

Module Questions Statements

M 1	Module materials were prepared and organized effectively.
M 2	This module has clearly stated objectives.
M 3	I have achieved the learning outcomes of the module.
M 4	The assessments were set according to the module learning outcomes.
M 5	I understood the module assessment criteria.
M 6	This module has helped me improve my communication skills
